# Medical Care Options in Durham

## For the uninsured and under-insured

This is a list of primary care and specialty medical services and programs that are available in Durham. It does not include all medical services or programs in Durham but is intended to highlight the programs that provide medical care to those who have little or no insurance coverage. Some of these programs also serve people with health insurance. However, we are highlighting the assistance available to Durham residents who struggle to pay for the medical care they need.

## Public Assistance & Navigation programs

### Medicaid

Assistance with paying for medical services for low-income individuals and families, foster children, elderly, and the disabled who meet the income/resource limits. Helps pay for doctor and hospital bills, prescriptions, and other qualifying health expenses.

### Health Check (Medicaid) and NC Health Choice

Free or low-cost health insurance for children under the age of 19 (21 in some cases) with family incomes of 100-200% of the federal poverty level. Benefits include: well-child checkups, medicines, sick visits, dental care, immunizations, and other qualifying health expenses.

### “Be Smart”

Medicaid program that pays for free family planning services to women 19-55 and men 19-60 years old whose income is at or below the 185% federal poverty level. Services include exams, birth control, testing, and voluntary sterilization.

### Contact information for these agencies is:

Department of Social Services  
300 N. Duke St. (No appointment necessary)
