Partnership for a Healthy Durham Access to Care Committee January 12, 2023 Minutes

Attendees: Kimberly Alexander, Dalia Antunez, Ashley Bass-Mitchell, Jennifer Bailey, Elizabeth Brill, Jackson DeVadas Shannon Graham, Kearston Ingraham, Irene Felsman, Bria Miller, Kimberly Monroe, Talia Shalev, Alix

racinitated by: Bha Mille		
Торіс	Major Discussion	Recommendations and Action Steps
Welcome & Introductions & Icebreaker	Today's Ice Breaker: "What Are You Looking Forward to This Weekend?"	
Review November Minutes	November minutes were reviewed for those who did not have an opportunity to review them prior to the meeting.	Please submit any revisions to Bria Miller.
Revisit this group's purpose	 Bria Miller led the group in an informal conversation about why we were interested in access to care issues. People offered input verbally, posting on jam board, and in the meeting chat box. "What Is Your Why?" To establish relationships across all levels of community members Connecting to community based and rooted organizations focused on healthcare and access I want to use my skills to help others in my community I want to learn about the various supports that the Durham community has access to. Accessing health care is important for the wellbeing of our community. "It is a ministry for me. Have been working in this space for over 20 years. Access to care is beyond insurance; it's also a social driver." Believes that access is key to self-efficacy in terms of improving health. In working with community members, many have expressed/experienced difficulty accessing the healthcare system-regardless of insurance status. It is important for personal and professional experience and development Working on a KBR grant focused on enrolling Latinos in insurance who are eligible but not enrolled 	 Develop action items: Group agreed to focus efforts on the Medical Options Brochure Bring outline to next meeting Kearston Ingraham has agreed to share information that she has already collected for the brochure Point Person(s) Irene Felsman/LAtTIN-19 KBR team Shannon Graham Jennifer Bailey Kimberly Monroe We did not get to the last question: "By April 15th, we should have completed what?

Facilitated by: Bria Miller
